Bridging Devotion and Technology

A Platform for Collective Growth & Management:

01 Temples are spiritual havens, but managing operations can be overwhelming.

02 WhatsApp Business API modernizes how temples interact, making divine connections simple, fast, and efficient.

03 From communicating with devotees to handling events and donations, traditional methods can be slow and costly.

04 Let's explore how technology can help temples focus on spirituality while we handle the logistics.

Learn everthing about the Temple

Massive stampede in Tirupati temple in Andhra Pradesh: 6 dead, 50+ injured during 'darshan' token distribution

Witnesses blame police negligence, PM and President offer condolences.

Urgency for Improved Systems:

- This tragedy highlights the need for **better crowd management** and real-time communication systems.
- Implementing **digital solutions** like automated token distribution, real-time alerts, and queue management systems could help prevent such incidents.

Key Features Tailored for Temples

Event Notifications:
- Share festival/event schedules, aarti timings, prasaad distribution, and temple open/close timings.
- Notify about cancellations or changes in real-time.

Multi-Language Support:
Communicate in regional languages to connect with diverse devotees.

Today's Spiritual Schedule:
✨ Morning Aarti: 6:30 AM
✨ Evening Bhajan: 7:00 PM
✨ Meditation Session: 8:30 PM

join online sessions.

Devotee Hub

Behind Every Temple Announcements

🙏 Thank you for being part of our spiritual family.
May your day be filled with peace and devotion! 🙏

HELP Anytime

Inquiry Bot:
Automate FAQs about pooja bookings, darshan timings, and location details.

Broadcast Messaging:
Keep devotees informed about temple activities, rituals, and festivals.

Token Management System:

- Organize and prioritize queues for darshan during high-traffic days.
- Distinguish between VIP devotees and regular devotees for smoother operations.

Devotee Engagement:

- Share spiritual quotes, scriptures, or videos regularly.
- Conduct live streaming updates for aarti or other temple events.
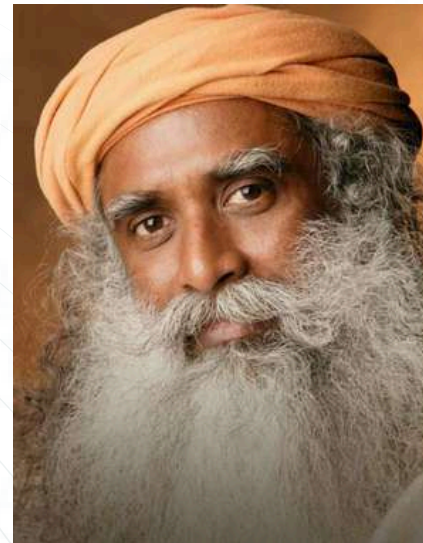

Donation Management:

- Send secure payment links for donations.
- Automatically send acknowledgments with "Thank You" messages.

Prasaad Ordering and Delivery:

- Allow devotees to order and receive prasaad at home, ensuring they stay connected to temple rituals even if they can't visit.
